## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment and accompanying remarks filed 12/14/06 have been fully considered and entered. Claims 1,3,11,14-15 and 19 have been amended and claims 5, 13 and 22 have been canceled. Applicant's amendment to claim 3 is found sufficient to overcome the 112 2<sup>nd</sup> paragraph rejection set forth in section 3 of the Office Action dated 9/22/06. As such, this rejection is hereby withdrawn. Applicant's amendments to claims 1 and 11 are found sufficient to overcome the anticipation and obviousness rejections as set forth in sections 5-8 of the Office Action dated 9/22/06. As such, these rejections are hereby withdrawn. Claims 1-4,6-12,14-21 and 23 are now found allowable over the prior art made of record for reasons set forth herein below.

### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: Claims 1-4,6-12,14-21 and 23.

As previously set forth in section 9 of the Office Action dated 9/22/06, the prior art made of record fails to teach or fairly suggest the laminate of independent claims 1 and 11. Specifically, the prior art fails to teach a laminate comprising non-woven webs having the claimed mean equivalent pore radius sizes and a laminate having an overall pore size distribution, which is at least bimodal. An updated art search did not produce any new substantial art for which to base a rejection and presently no motivation exists to combine references to form an obviousness type rejection.
